

## Eagletown Public Schools 2023-2024 School Year

### Safe Return Plan

#### Covid-19 Information

Eagletown Public Schools has developed the following plan to return to classes in August 2023. While we have monitored CDC and OSDH recommendations, it is not possible to guarantee that all students will be able to social distance as much as possible, we will have a significant focus on the cleanliness and disinfecting program for our facilities and buses, and we will provide information to the public in a way that does not infringe on the privacy of our students and staff. For those of you who are not comfortable with returning to a large group setting we have developed alternatives for you to consider for the 2023-2024 school year.

#### Temperature Checks

- Parents should check their student's temperature before sending them to school if they are feeling sick.
- Any student who has a temperature of 100.0 or higher will not be permitted in the building
- Any student who develops a fever of 100.0 or higher at school will be isolated and the parent/guardian must pick the child up immediately
- Any student or staff member who reports feeling sick while on campus will be sent to the school office for temperature check. Any student or staff member, who is determined to have a fever by school personnel, will not be allowed to return for 48 hours.

## On-Campus Procedures

- Students and staff will social distance as much as possible.
- Our procedures will be adjusted to observe the best practices possible under the most recent CDC and OSDH guidelines.
- At anytime we feel that it is in the best interest of our students and staff or we can no longer reasonable meet the most recent CDC or OSDH guidelines, we will transition into Distance Learning for all students.
- Parents and students involved in activities must understand and accept the risks involved with those activities.

Masks and gloves will NOT be required unless the state of Oklahoma, SDE, CDC, or OSDH mandate them.

Everyone will be encouraged to wash hands frequently and refrain from touching others or items belonging to someone else. Students and staff will have access to hand sanitizer.

Our maintenance staff will be spraying our facilities each day with sanitizer that has been approved for COVID-19.

## Education Options for the 2023-2024 School Year

### Traditional Model

- Students report to campus
- Students will follow the traditional school calendar and attend classed and activities on campus
- Adjustments will be made to reduce the risk of contracting COVID-19
- Teachers will develop curriculum in conjunction with administration

### Virtual Model

- Online Virtual School through Eagletown Public Schools.
- Open to any student that isn't competing in extra-curricular activities, competing for valedictorian/salutatorian, or didn't maintain required GPA in 2022-2023 school year.
- Work will be on the same pace as those students attending the Traditional Model.
- Contact Eagletown Public Schools before allowing your student to fall behind or fail to get the needed credits for graduation.

## Conclusion

Our school calendar has already been posted to the school website and shared on social media.

There is no way to predict the restrictions that may be placed on us throughout the school year, but we are always looking at the best practices to follow as we re-engage our students.

We will be available to answer questions and help families navigate this uncertain time. Contact your building principal or visit with our staff during the enrollment window.
